

300

- Professional equipment
- Anodised food-grade aluminium
- Forged and hardened blade
- Blade safety ring
- Ventilated asynchronous motor with thermal protection
- Permanently lubricated carriage ball bearings
- CE approved carriage locking
- Swan shaped clamp lever
- Polyester Belt transmission
- Sharpening accessory included
- Easy clean up
- CE approved
- Proudly Made in Italy

TECHNICAL SHEET

Power supply (Volt/Hz)	230/50
Power (Kwatt/Hp)	0,50 (0,67)
Lama (mm)	Ø300
Giri/m lama al minuto (RPM)	280
Capacità di taglio (mm)	260x200
Spessore di taglio (mm)	0 ÷ 16
Base d'appoggio affettatrice (mm)	530x420
Net weight single phase (kg)	37,0
Gross weight single phase (Kg)	40,0
Dimensions (mm)	B. 710 D. 550 H. 610
Packaging dimensions (mm)	B. 580 D. 710 H. 630
